SECTION I

Terms

Article 1 - The State of Vanani and The Republic City-state of Arx (additionally referenced as the “two powers” in the remainder of this document) agree to refrain from all hostile military hostilities against one another and mutually recognize one another as sovereign powers under the boundaries agreed upon in *Figure 1*.

Article 2 - Should the State of Vanani and The Republic City-state of Arx enter into military conflict against one another, both parties accede to the protection of their territorial integrity by the Kingdom of Salerno, to de-escalation, and to a restoration of treaty terms.

Article 3 - The State of Vanani de-claims all territory listed in *Figure 1* under marker “1” in *Figure 1*. The Republic City-state of Arx claims this territory, and these claims are thus recognized by the State of Vanani. In turn, The Republic City-state of Arx agrees to recognize the territorial integrity of the remainder of Vanani, and neither party will violate the claims of the other.

Article 4 - A 50 block zone extending outwards from each side of the border between Vanani and Arx will be fully demilitarized (with the exception of snitches).

Article 5 - The State of Vanani will be granted unrestricted rights to extract resources in the swamp marked by marker “S” in *Figure 1* for a period not to exceed six (6) calendar months.

Article 6 - This treaty may be terminated at any time by assent of the two powers. Additionally, should one party go inactive for a period of a month or longer, this treaty will be terminated.
